Mr. Donald Norseth
Distribution Engineer
Office of State Engineer
Capitol Bldg.
Salt Lake City, Utah

Dear Mr. Norseth;

Inclosed is the priority schedule
of waters allotted to Mr. Bead Wilde.

As Mr. Wilde has the Ida A. Mayers
lands under lease, I have also listed the allotments
to Ida A. Myers.

Due to the fact that haying has started
and the lateness of the season, turning water off
at this time would have little effect, denying them
there water at the begining of next season, would
be more effective.

Sincerly Yours

W. Moile Triplett
